

ON-AIRPORT PARKING

Detail of Area

Two convenient ways to enter the garage top level

- 1 Drive the usual way towards the garage taking the exit left off Presidential Blvd. towards parking. Before the garage entry gate ticket machines, there is an exit to the right. Take that exit and stay in the left lane which becomes the ramp way up to the Garage 1 third level.
- 2 Drive past the exits to parking lots and garage, and past where the median divides the road. Keep driving as if going to the terminal. Stay in the far left lane with the landscaped median on your left. This will require eventually moving one lane to the left which becomes the ramp way up to the Garage 1 third level.

On-Airport Parking: 512-530-3300
